I WOULD LIKE TO BE INVOLVED!!!

Often parents would like to become involved but are told by their child that they can’t or they are unsure of how they can become involved in a high school community. Perhaps all you need is a call from someone in the know or an invitation to attend a meeting.

If, as a parent or caregiver, you would like to be involved but are unsure how you could best become an active member of the school community fill the slip out below and return to Peel High School office. A member of the P&C will contact you to invite you to become involved.
